

Homework February 24th

- 1) Read each night
- 2) Visit Zorbits and Raz-Kids
- 3) Complete the activities below.
- 4) Practise telling time on the clock

Math

Mrs. B says that 45 days is equal to 5 weeks. Is she correct? Yes or No? Justify your thinking in the space below.

Show your work (algorithm, numberline, W or V strategy, Friendly numbers):

$$47+19=$$

$$178+35=$$

$$78-46=$$

Leads - Make these leads more exciting.

Turn it into an interesting question.

Add lots of adjectives.

Picture this lead.

If....then lead.

The weather was bad.

My homework was missing.
