

Homework for the Week of January 28th

1. Complete the work below
2. Visit RAZ Kids and Zorbits

Math

In Math, we are learning how to identify, sort and describe 3D shapes. This week have your child describe the 3D shape shown using criteria we have discussed in class (prism or pyramid, name it, # vertices, # edges, # faces, shapes of faces, any congruent faces?).

Prism or Pyramid: _____

It's name: _____

vertices: _____

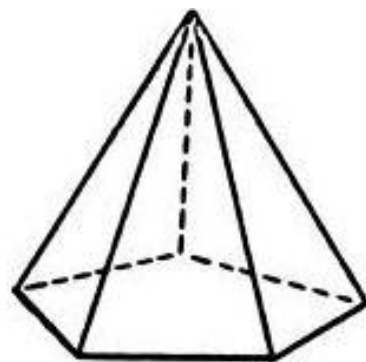

edges: _____

faces: _____

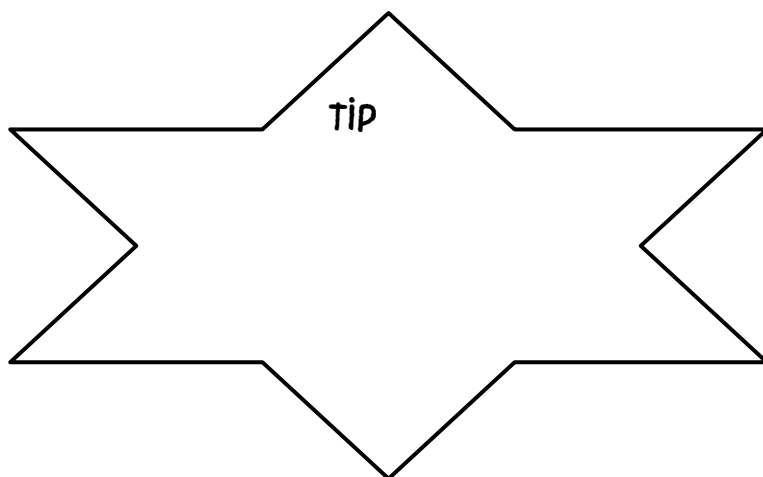

Shapes of faces/Any congruent faces:

Shape of base: _____

Draw the faces like we did during our 'Shape Shop' last week.

Literacy Write a clever introduction and tip for: **How to Train a Dragon**

Get your child to tell you the
Must Haves for Procedural Texts:

Procedural Writing - How to

Purpose of procedural texts are 'to inform'!

They are 'how tos'

How to: build something, make a recipe, put something together etc.

Must haves:

Title that clearly tells the reader what they are going to be doing

A clever **introduction** that captures the reader's attention

List of ingredients or materials (usually in a frame)

May have **labelled pictures/Diagrams**

Steps that are numbered

Steps that include **present tense verbs** (put, take, stir place)

Usually have **adverbs** to help the reader (place carefully, stir briskly)

May have: callouts, tips, facts, different coloured font, different sized font etc.

Conclusion
