

SEEK JUSTICE  
LOVE KINDNESS & MERCY  
WALK HUMBLY WITH GOD  
PROV 21:2

Communication between home and school is very important. Agendas will be used regularly to record homework and other messages. Our agendas have not yet arrived but they are expected to be delivered shortly. Much time has been placed developing pages 2 - 13 in the agenda. Please take the time to peruse these pages as they contain important information about school routines and policies. As well, please read and **initial your child's agenda daily**. It is also a convenient place for you to jot any messages or notes regarding appointments or scheduled absences as we will check the agendas at some point in the day. Please note that any other topics of discussion should be addressed by telephone or written and placed in a sealed envelope. We want the agenda to be a positive connection between home and school.

To help with the smooth operation of our class, the Grade 3 team is suggesting a few helpful supplies. These include:

- 1 pair of earphones for iPad and Laptop use (labeled please- Dollar Store earphones work well)
- 1 reusable water bottle (not glass) to keep your child hydrated!
- whiteboard marker (may need to be replenished throughout the year)
- an enclosed pencil sharpener
- Purell or wet wipes
- pencil crayons
- non-marking indoor shoes (running shoes for gym)
- 1 box of Kleenex
- box of large ziplocks

Please have all personal items marked with your child's name to help facilitate returning lost items to the rightful owner.

In our grade three classrooms we have some students who have anaphylactic allergies (life threatening allergies) to ALL nuts (peanuts and tree nuts) and coconut. Please remember to refrain from sending these products in your child's lunch or snack. Checking labels on granola bars and cookies for coconut and nut products is necessary. We thank you in advance for helping keep all our students safe!

We ask that you kindly refrain from sending ANY food items as whole class treats throughout the year (birthdays, celebrations, holidays) due to these allergies. You may however celebrate by sending in books, pencils, stickers etc.

We look forward to meeting you and growing, wondering and learning with your child this year.

Sincerely,

Kelly Brownrigg & MaryAnn McCuen
